4 What specific local issues do you feel we should be aware of, in developing our options for the A27 at Arundel? (Please provide detail and examples to illustrate your answers).

Q3:

2 How concerned are you about the following issues on the A27 at Arundel? (Please select one option in each row.)

Question 1 - Journey times or journey reliability:

Very concerned

Question 1 - Congestion or delays at junctions:

Very concerned

Question 1 - Road safety:

Very concerned

Question 1 - Accommodating extra traffic from future housing and economic development without further congestion on the A27:

Very concerned

Question 1 - The effects of the A27 traffic on the environment:

Very concerned

Question 1 - Ease of turning on to or off the A27 from local roads:

Slightly concerned

Question 1 - Difficulty crossing the A27 on foot or cycle:

Very concerned

Question 1 - The displacement of traffic onto local roads to avoid the A27:

Very concerned

Question 1 - Connections along the coast and to other parts of the country:

Very concerned

3 What would you say is the single biggest problem currently affecting the A27 at Arundel?

Q2:

The lack of a direct connection from Crossbush through to the A27 that does not go through Arundel.

5 What type of journeys do you use the A27 at Arundel for most often?

Not Answered

8 Do you believe the proposed options will meet the scheme objectives? Please refer to the information and drawings describing the 3 options. Please select which options you believe have the potential to help achieve an objective. (Please tick all that apply).

Q7 - Improve capacity of the A27 whilst supporting local planning authorities to manage the impact of planned growth:

Option 5A

Q7 - Reduce congestion and travel times and improve journey time reliability along the A27:

Option 5A

Q7 - Improve the safety of travellers along the A27 and across the wider local road network:

Option 5A

Q7 - Improve accessibility for all users to local services and facilities:

Option 5A

Q7 - Deliver a scheme that minimises environmental impact and seeks to protect and enhance the quality of the surrounding environment through its high quality design:

Option 5A

Q7 - Respect the South Downs National Park and its special qualities:

Option 5A

6 How often do you currently use the A27 at Arundel?

Q5 - Weekdays in the morning peak (0800-0900):

Q5 - Weekdays in the evening peak (1700-1800):

Q5 - Weekdays off-peak (all other times):

Q5 - Weekend (anytime):

Q5 - Holiday periods only:

7 Do you agree or disagree that there is an overall need for a scheme to upgrade the A27 at Arundel to a dual carriageway?

Strongly agree

10 Thinking about your response to Question 9 only, please say if you have any outstanding concerns that are not sufficiently addressed in your preferred option for the A27 at Arundel.

B3 - Capacity to accommodate future growth:

Slightly concerned

B3 - Impact on congestion/journey time:

Slightly concerned

B3 - Impact on routes used by people walking, cycling and horse riding and division/severance caused by the A27:

Slightly concerned

B3 - Impact on noise, air or light pollution:

Slightly concerned

B3 - Impact on landscape and scenery including Arundel, the South Downs National Park, Arun flood plain and Ancient Woodland:

Slightly concerned

B3 - Impact on historic properties including Arundel Castle and Tortington Priory:

Slightly concerned

B3 - Impact on residential properties:

Slightly concerned

B3 - Impact on local businesses:

Slightly concerned

B3 - Impact on road safety:

Slightly concerned

B3 - Traffic avoiding congestion by rat-running:

Slightly concerned

B3 - Connections to other parts of the region:

Slightly concerned

B3 - Impact on likelihood of coastal and river flooding:

Slightly concerned

B3 - Impact on biodiversity/ecology:

Slightly concerned

B3 - Disruption during construction:

Slightly concerned

b3:

9 Please tell us which option(s) you support for improving the A27 at Arundel.

Option 5A

B2:

We believe this option provides the best solution to traffic flows from Crossbush to the west of Arundel, reliving traffic pressure on the town of Arundel, and reducing overall traffic the most compared to the other options.

11 Do you have any other comments on the options?

Option 1:

Option 3:

Option 5A:

12 Having read the brochure, and taking into account the constraints and past study conclusions, please share your views on any alternative improvements we should consider that would meet the scheme objectives.

b5:

13 How do you think we can improve provision for people who wish to walk, cycle and horse ride as part of the scheme?

Option 1:

Option 3:

Option 5A:

General comments:

14 Do you have any other comments on the proposed scheme?

b7:

We support the proposal to unlock a key pressure point in our local infrastructure and strongly back option 5A. We offer our support to help open up this development and maximise the benefits to local residents and the wider region.
