

Business Navigator areas

The Business Navigator service has been established to support the growth and prosperity of the Coast to Capital region through the provision of signposting services to help businesses and entrepreneurs when they are thinking about starting a business, have recently started or are well established trading organisations.

We help you find
the support to grow
your business

www.c2cbusiness.org.uk

The Business Navigator website is Coast to Capital's portal for businesses. It includes an online directory of business support organisations, a calendar of business events in the Coast to Capital region, resources and videos. The aim of the Business Navigator service is to help businesses in the region quickly find the most relevant support and information.

Please call on **0800 977 4146** to speak with a Business Navigator who can help guide you through the support available and help identify the most appropriate solutions for you.

What we do

Our services are open to new starts-ups right through to well established companies. We signpost businesses to a wide range of business support including:

- accessing finance
- identifying networking and membership organisations
- helping to reduce costs
- implementing environmental policies,
- understanding the regulatory landscape
- mentoring support
- exploring international markets
- start up workshops and support
- finding premises
- ...and much more

Key to our service is our team of Business Navigators who offer free local signposting services to put you in touch with the programmes, initiatives and organisations that can really help you grow.

Who we are

The Business Navigator service is a key part of the Coast to Capital Growth Hub. The Growth Hub was established up in 2011 and since then has helped thousands of businesses across the Coast to Capital region to start up, develop and grow to reach their full potential.

Our partners

We have an extensive network of partners who are committed to helping businesses to grow. The network provides a diverse range of services from face to face, one to one support, workshops and seminars to on line support and tools.
