Skills 360 Board

Board Champion Objectives 2020/21

The Skills 360 Board has a number of Board Champions which have been identified as key to the success of the Board and delivery of its Skills Strategy and Action Plan. The level of availability to discharge their duties in relation to being a Champion will vary from one Board member to another. Champions will act in line with the Coast to Capital Conflicts of Interest Policy at all times and give this due consideration in undertaking their Board Champion objectives.

The Board Champion roles are opportunities for Board members to use their particular area of expertise. The sector focused roles are based on the sectors where we have significant competitive advantage and those that employ or have the potential to employ high numbers.
